### *Delegates to Dallas Council of Parents and Teachers*

MRS. H. M. McQUISTON      MRS. RAY NESBIT

The North Dallas High Parent-Teacher Association was organized in 1922. This year the Association will give the tenth scholarship of \$150.00, also the seventh Life Membership, at \$25.00 each, in the Texas Congress of Parents and Teachers.

The luncheon for the teachers at the beginning of school and the entertainment of the January and June graduating classes are annual affairs. This year members of the football team were entertained with a dance, an all-city R. O. T. C. officers' dance was sponsored, and costume parties were given for the parents and pupils.

The first joint meeting of the P.-T. A. and the Dad's Club was held Friday night, December 7th.

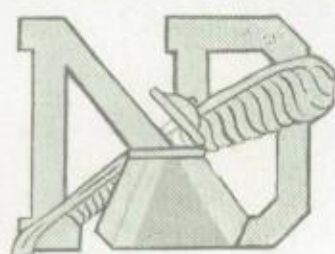

Awards are given each year, and welfare work in the school is done by the Association.

The Association is striving to keep the silver loving cup for the second consecutive year, for attendance at the High School Section of the Council.

Sewing for the Red Cross has been one of the outstanding features of the year's work. This was carried on by the Association and the six affiliated elementary schools. Mrs. H. M. MacQuiston was Red Cross chairman of the six high schools of the city.

The book exchange is conducted each fall and spring for the benefit of the pupils.

The Pan-American Student Forum, formerly the Pan-American League, was organized on November 10, 1927, by a group of Spanish and history teachers and advanced students of Spanish. The purpose of the organization is to promote closer relationship, sympathy, and understanding among the people of the Americas. The Dallas Chapter was the original chapter, and she has granted charters to many other high schools throughout the country. One of the members of the North Dallas unit, Paul Rainwater, is on the National Board of Governors. We owe thanks to our local sponsor, Miss Hinde, for her untiring efforts to make the North Dallas unit a success.

The Adelphi Forensic Club is the nucleus for the debating teams of North Dallas High School. From its members come those to be elected to the National High School Honor Society of Public Speakers who have completed satisfactory work in interscholastic competition in speech work. All but four of our members have become eligible to membership in the NFL this year. Four of those becoming members have earned the degree of distinction which is the highest degree obtainable.

## THE LATIN FOR IT

The examination question read: "Give the principal parts of any Latin verb."

One none-too-bright student, unable to give a correct answer, wrote:

"Slippo, slippere, falli, bumptus."

The paper came back, corrected, with these words:

"Failo, failere, fluncto, suspendum."

### 3000 YEARS AGO AESOP SAID—

A lion met a tiger  
As they drew beside a pool.  
Said the tiger, "Tell me why  
You're roaring like a fool?"  
"That's not foolish," said the lion  
With a twinkle in his eyes.  
"They call me king of all beasts.  
Because I advertise."  
A rabbit heard them talking  
And ran home like a streak;  
He thought he'd try the lion's plan  
But his roar was a squeak.  
A fox came to investigate—  
And had luncheon in the woods.  
Moral—when you advertise, my friends,  
Be sure you've got the goods.

### WHAT'S IN A NAME

You can tell a college man, in college and after graduation, by the way he signs his name. For instance:

Freshman: Bill Smith.

Sophomore: William Smith.

Junior: W. Algernon Smith

Senior: William A. Smith

Graduate: W. A. Smith.

Job-hunter: Smith.

*Boy Salesman:* "Mine are new issues, Ma'am, but if you'll wait a minute I'll go up to the dentist's office and get you one that old."

### HE'D STICK TO IT

"Johnnie," asked his mother, "what is all that noise on the back porch?"

"Mother, there's a thousand cats out there, fighting," said Johnnie, after a survey.

"Johnnie, you shouldn't exaggerate so. Now, how many are there?"

"There's five hundred, anyway."

"Are you sure?"

"Well, there's fifty."

"Johnnie, did you count them?"

"Well, there's our cat, and Thompsons', and I won't come down another cat."

\* \* \*

### DO COME BACK?

"Don't you hate being a bill collector? It must be awful being unwelcome wherever you go."

*B. C.:* "Oh, no. You see, almost everyone asks me to call again."

\* \* \*

*Freshman:* "Can you tell me where to find the lecture hall?"

*Senior:* "Sorry, old man; I'm just a student here myself."

\* \* \*

*Judge (sternly):* "Well, what is your alibi for speeding fifty miles an hour?"

*Bill Beazley:* "I had just heard, Your Honor, that the ladies of my wife's church were giving a rummage sale, and I was hurrying home to protect my other pair of pants."

*Judge:* "Case dismissed."

Once an algebra teacher saw a very terrible wreck in which two persons were killed. The man who was thought to be blamed for the accident disappeared. An algebra teacher was the only eye-witness. When asked the accused's license plate number the teacher said he was not sure but he thought that the square of the first number plus the cube of the third root of the fifth member was twice the remainder of the total addition of the numbers squared.

### INVISIBLE HUMOR

He thought of himself as humorist. He sent a dozen of his jokes to a newspaper. One day a letter arrived with the newspaper's address in the corner. Confidently, but with excitement thrilling through him, he opened it. The letter said:

"Dear Sir: Your jokes received. Some we have seen before; some we have not seen yet."

### PRETTY THIN

"Poor man," said the kind housewife, "you look as though you haven't eaten for a week, you're that thin."

"Thin!" said the tramp. "I am thin. Why, Mum, I'm so thin that when I have a pain in my middle I can't tell whether it's a stomach-ache or a back-ache."

### SIMPLE!

A man approached a stranger on the street and smirkingly said to him:

"If a train averaging 50 miles an hour starts from New York and meets a train from Chicago going 60 miles an hour, how old am I?"

The stranger looked the joker over a moment. "Why, you're 38," he said.

"That's right," said the man in surprise. "How did you know?"

"Easy," said the stranger. "My cousin is half crazy, and he's 19."

"S-h-h-h," Mrs. Gentry cautioned, her finger to her lips, "listen to the children deliver their good-night messages. It always gives me a feeling of reverence to hear them—they are so much nearer the Creator than we and they speak the love that is in their little hearts so freely just before they go to bed. Listen—"

There was a moment of silence . . . then:  
"Mamma," piped a shrill voice, "Johnnie found a bedbug in his bed."

## The TRADITION of QUALITY

ONE reason for quality is its great endurance. This store for men and young men was here earlier than the youth of your fathers. The quality to which it holds itself argues that it will be here, still thriving and growing, when you have become the parent . . . and so on through succeeding generations.
